Description

First Year Indonesian introduces students to Indonesian pronunciation, basic vocabulary and phrases. This level prepares students to use the language in straightforward social situations and uncomplicated daily tasks such as introducing self and others, expressing likes and dislikes, giving simple instructions for daily tasks at home, buying things, reading simple advertisements, making and responding to invitations, and writing simple lists and notes or short messages. Basic grammar and structure are taught and presented in real life contexts. As an important component of language learning, various aspects of Indonesian culture are integrated into the language instruction.

A range of language-learning activities is available both inside and outside the classroom. *Indonesian is the language of instruction. Questions or concerns that require the use of English are addressed outside of class.*

Delivery

The class will also be conducted both synchronously (in person and via Zoom for pre-approved students) and asynchronously (via Canvas). Should this method of delivery change, you will be notified by the university and this syllabus will be updated. The course meets Monday through Friday from 08:00AM to 12:00PM in [REDACTED] and [REDACTED], and for remote student on Zoom:

Canvas will be our preferred learning portal; it is crucial that you access your Canvas regularly. Canvas will be extensively used to post pre- and post-class assignments, additional readings and supplementary teaching materials, as well as to upload assignments. Students are required to check the course Canvas page daily.

Each section has its own classroom teacher with whom you will interact most of the time during SEASSI. Language learners, however, need to have exposure to different speakers. Therefore, different teachers may teach your class starting in week 2. You will have a chance to meet and learn from most of the Indonesian teachers in our team.

Extracurricular Activities

The program also offers an Indonesian Conversation Table every Monday from 4:00 to 5:00PM CT at Memorial Union Terrace. If there are any changes in the place or schedule, we will notify you in advance. Please contact Pak Sapta Abimanyu at [REDACTED], coordinator of Indonesian Conversation Table for further information.

We also plan to offer some Cultural Activities that are scheduled throughout the summer. More information about the activities will be announced later. Students are strongly encouraged to participate in these opportunities.

Weekly Plan

Students will receive a weekly plan every Friday that details the schedule, lessons, and other information their class will cover in the following week.

Language Portfolio

As language learning is a lifetime venture, documenting the process is important. Students are encouraged to document their language learning progress. Your language portfolio documents your journey in this area. It allows you to follow your own progress, identify strengths and challenges, and adjust your learning goals.

Maintaining your language portfolio is mandatory for students in the Indonesian Flagship Language Initiative (IFLI). For IFLI, particularly, the language portfolio helps articulate what the students learn in the domestic segment prior to the overseas program. If you are not part of IFLI and are interested in developing your own language portfolio, please meet with the Indonesian language coordinator, Sakti Suryani, during her office hours.

Classroom Conduct

Learning can be uncomfortable; embrace grappling with your thoughts. Communicate with us after class, during an appointment, in a written note, or over email when you feel uncomfortable about an event or discussion relevant to class.

The classroom should be a safe environment that encourages the participation of everyone. With this goal in mind, we can agree and disagree about ideas or views to our heart's content – that is the heart and soul of learning. We will not, however, tolerate personal attacks, or blatant sexist, racist, homophobic, or antagonistic language in the classroom. Do not insult each other or your instructor. Please respect one another's prior experiences and viewpoints.

Respect for Diversity

It is our intention that a respect for diversity is maintained throughout the course content, activities, and with materials used. This includes respect for treatment of materials related to gender, sexuality, disability, age, socio-economic status, ethnicity, race, and culture. Feedback and suggestions are welcomed. We will make every effort to call you the name and pronoun by which you desire to be called. Please advise us of the pronoun you want us to use in class.

Accessibility

We are committed to providing assistance to help you be successful in this course. Please let your classroom teacher and/or the Indonesian-Javanese language coordinator know if you need any special accommodations in the curriculum, instruction, or assessments of this course to enable you to participate fully. We will try to maintain the confidentiality of the information you share with us. Students with special needs are encouraged to contact the McBurney Disability Resource Center, 905 University Avenue (263-2741), for information concerning campus disability-related policies and services.
